

Welcome to Nest Egg Farms LLC®

Hello To All Our Farm Family!

Great News!!!

Another summer season is almost upon us. We hope you are looking forward to another season full of awesome new vegetables along with all the other great produce we have here on the farm. This year our 2025 summer CSA season will run for 22 weeks and starts May 16 2025 and runs thru October 18 2025.

What would you be getting in your weekly basket, you ask? The weekly baskets will have ½ dozen eggs, lettuce, spinach, micro greens, bakery item and any additional vegetables that are ready to harvest each week. In addition, this year, our CSA clients get the opportunity to pre-order at additional cost, up to two extra dozen eggs per week, if available.

Non CSA customers can still purchase eggs at our farm market when available with no pre-orders.

For the best value, sign up by April 5 2025 and pay only \$600.00 for the entire 22 week program (which you can pay in two installments), this allows us to plan our planting accordingly so we have enough produce for all.

You can still sign up for the 22 week summer CSA program anytime after April 5, 2025 for only \$35.00 per week with an 11 consecutive week minimum.

Our farm market hours this summer will be Fridays from 3pm to 6pm & Saturdays 8am to 1pm.
(No sales will happen outside of these hours)

To make the best use of our time, it is your responsibility to pick up your basket on Friday between 3pm and 6pm **or** on Saturdays between 8am and 1pm, **no other pick up times will be allowed**, any baskets that are not picked up between these times will not be refunded, **please plan accordingly.**

If becoming a CSA client is not your thing, don't forget we will still have a selection of farm fresh produce at our farm market stand every week **during market hours**. So don't forget to stop in and say hi.

Our goal is to provide you and your family with a variety of delicious, locally grown farm products following sustainable and regenerative farming practices. We are continuously trying new vegetables to add to our farm stand as we grow and expand.

Please remember, we have limited spots available for our programs, so sign up early.

By purchasing one of our farm share baskets you are helping support our farm and in return you are receiving locally grown farm fresh products. We will let you know weekly of any special vegetables we have available so you can try them, if you are a little adventurous.
